- semester abroad at the University of Aberdeen, Scotland (Swiss mobility).

2010-2014 — **HIGH SCHOOL**

Collège de Saussure

- Specialization in Physics and Mathematics
- thesis on the relativity of physical and psychological time

PUBLICATIONS

- *Tout ce qu'il reste à découvrir*, a book of an investigation about invisibilisation of the Global South in Science, published by Quanto in March 2026
- Redaction of articles for :

Sciences et Avenir *Allez savoir!* *Heidi.news* *le Temps* *La Recherche* *Horizons* *Pulsations*

Terre & Nature *La Côte* *le Courrier* *L'uniscope* *Journal Unige* *Reatch* *Matin Dimanche*

- Podcasts of the university of Lausanne, l'uniscope
- Radio features for *CQFD* at the national radio (RTS – SSR)
- Contributed to the collaborative book «Esprits en continu, définition de l'homme par l'exploration de recherche en primatologie». In Saurer, S. (Dir.), *Psychanalyse et esprit du temps*. Pulisher : Ithaque
- Academic publication : « Thermal imaging reveals cooperation and competition as organising principles of chimpanzee cognition », *Scientific Reports*
- Co-editor of Playground magazine, a platform for aspiring science journalists, October 2025

OTHER EXPERIENCES

Teaching, workshops and lectures

- Introduction to science journalism for the Master's in Animal Behaviour, University of Rennes, November 2024, September 2025 and September 2026
- «How to talk to journalists», European Primatology Conference, May 2024; Lund University, Sept. 2026
- «What is journalism?» at the 'Dare to Try All Professions' University of Lausanne, November 2024
- «Turning your research into a podcast», University of Lausanne, October 2024
- «Thermal imaging as a tool for measuring internal states», Primatology Conferences, Malaysia 2023
- Round table discussion «Communicating your research», University of Lausanne, November 2024
- Hosted the lectures 'Primates, our closest cousins', UNIL, May 2024; 'Antibiotic resistance: What are the implications for human and animal health in the canton of Neuchâtel?', Neuchâtel Natural History Museum, Nov. 2026; 'What weapons do we have against antibiotic resistance?', UNINE, March 2026

Association involvement

- Member of the **comitee** of the Swiss Association of Science Journalism
- Member of impressum, swiss journalism association
- Member of SciImpact program, Reatch Switzerland (science-informed decision making), 2021-2022.

Events participation

- World Conference of Science Journalism, South Africa, December 2025
- World Conference of French-Speaking Scientific Journalism in Senegal, October 2022.
- Science movie hackathon, SciFilmIt, Geneva, September 2021

ADDITIONAL TRAINING

- Video animation using After Effects, Centre for Journalism and Media Training, Oct. 2025
- Video production, University of Geneva, April-June 2021
- Podcast creation, University of Geneva, October 2021 – December 2021
